DETAILED ACTION

The following is a response to the amendment received on May 1, 2006 which has been entered.

Response to Amendment

Claims 1-24 and 32-38 are pending in the application. Claims 25-31 has been cancelled.

-The 112 2nd rejection of claims 25-31 has been withdrawn due to applicant canceling these claims.

-The 102(b) rejection of claims 25 and 28 has been withdrawn due to applicant canceling these claims.

Allowable Subject Matter

Claims 1-24 and 32-38 are allowed.

The following is an examiner's statement of reasons for allowance: The prior art of record does not disclose or render obvious a motivation to provide for:

-(as to claims 1 and 13) a transmission having a first coupler for coupling a first pinion and a first layshaft, a second coupler for coupling a second pinion and a second layshaft and a range coupler for coupling an output alternately to a speed reduction power path and an intermediate layshaft and in combination with all the remaining limitations of claims 1 and 13 (only the claim taken as a whole combination is deemed new and unobvious).

-(as to claim 32) a transmission having a low range path connecting an intermediate shaft and an output, a high range path connecting the intermediate shaft

and the output at a higher speed, a bypass path connecting an input and the output without interruption with the lowest and highest speed ratios and a range coupler for alternately activating either the low or high range paths and in combination with all the remaining limitations of claim 32 (only the claim taken as a whole combination is deemed new and unobvious).

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
